

STHINE THROUGH IN  
A NEW REALITY

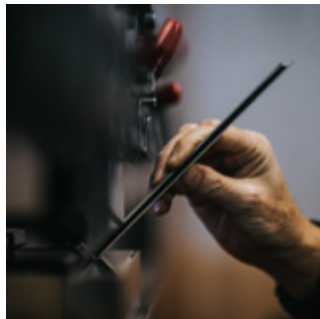

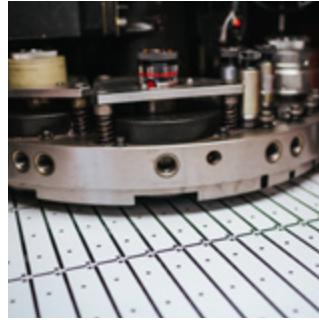

We have provided customized corporate visual identity to global companies for 30 years. We ensure complex services that includes designing, making prototypes, producing and installing the visual advertising products. Thanks to the experience that we have gained through many years of market activity and the cooperation with the world's largest corporations, we have developed the ability to meet the needs of the most demanding clients. We have worked with some of the most forward-thinking brands in the world, supporting them in creating the most powerful and appealing visual advertisements for many years. We are present on both the Polish and foreign market. By offering the best solutions, taking care of the highest quality and above all, prioritizing the needs and satisfaction of our customers, we gained the trust of the greatest worldwide companies. Our products are exported to more than 80 countries.

# “30 years

**ago we had a dream. Today, thanks to our hard work and perseverance, we can share with you our passion for creating progressive ideas and translating them into visual advertising. Through this portfolio we want you to take part in our journey to success.”**

CEO - Edward Janusz Bogusz

We're one of the Europe's leaders in visual advertising. We believe that blending art and technology would yield significant and long-lasting experiences. That's why we chose visual signage to support our clients in expressing their visions and thoughts. We make things that amaze and delight the world. But we also focus on helping our clients distinguish their brands as we constantly learn that their future depends on good recognition.

# EXTERIOR signage

Exterior signage solutions are designed to create an impact. They are essential to get your message across. They affect/influence clients 24/7 providing high efficiency. Whether you require increasing client's interest in the product or build brand recognition, we have a solution for you.

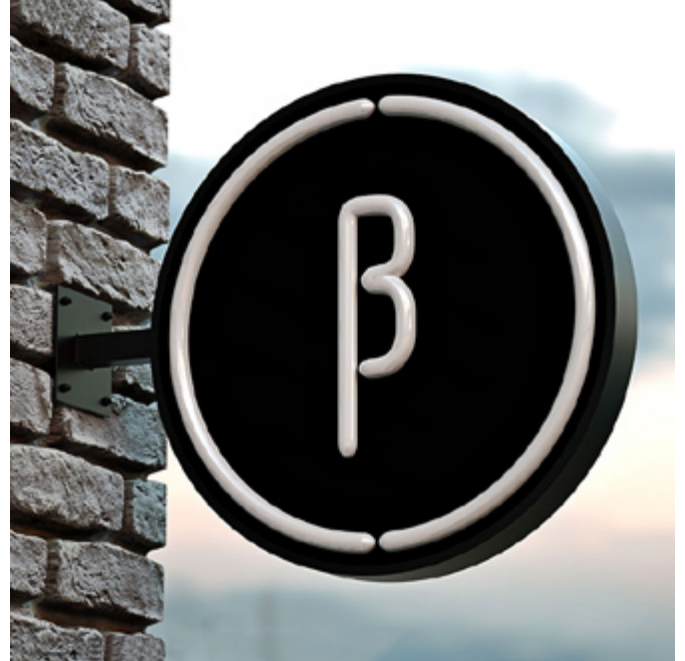

From subtle signs that blend into the environment to imposing and creative architectural structures that proudly stand out, Key Company makes signs that make their presence felt.

# P.O.S. materials

The aim of the point-of-sale advertising is to attract consumer attention and promote the brand. Thanks to the appealing nature P.O.S. materials are capable of stimulating purchases directly at the point of sale.

We support our clients by offering them a versatile range of P.O.S. products.

We manufacture them using diversified materials, including: wood, metals, acrylics and other plastics.

# PROTECTIVE screens

Given the current epidemiological situation, we enriched our portfolio with a range of products that help maintain hygienic interpersonal contacts. Our protective screens and distributors for liquid disinfectants ensure protection against germs.

Thank you for acquainting with our offer.  
If you are interested in cooperation,  
do not hesitate to contact us.  
We are ready to make some  
amazing products with you!  
If you have any questions
