

BARRELS SET

The set consists of 1 table and 2 armchairs imitating the appearance of the oil barrels. The structure is made of embossed steel, powder coated in the selected colour (a zinc primer might be used optionally). There is a possibility of personalization the set by sticking any graphic on the barrels and tabletop.

Various tabletop options:

- made of chipboard (various colours available; no personalization possible; for indoor use);
- made of water-resistant MDF, foiled, with a protective edge (any graphic might be printed on it; for indoor use);
- made of metal, with a protective edge (any graphic might be printed on it; for indoor use);
- made of plywood, varnished (any graphic might be printed or engraved on it; for internal use);

The seats are covered with eco-leather in the selected colour. Both, the table and the armchairs, are equipped in 4 adjustable feet. The set is shipped complete.
